

Taking Wellness to the World®

# ENIVA CORPORATION A TOP BUSINESS AND INDUSTRY LEADER

FOR IMMEDIATE RELEASE

September 2008 (Minneapolis, MN)

The Inc. Organization lists leading companies in the respective fields. Examples of such categories include “Computers & Technology”, “Insurance”, “Textiles”, “Banking”, “Education”, and others.

Eniva Corporation was informed they hold the official position of 55th in the category of “Health”, making it the 55th fastest growing private U. S. company in the Health industry. Many prestigious companies operate within America’s health market today, making the honor very notable. As the pioneer and ongoing leader in the area of advanced nutraceuticals, this ranking further demonstrates Eniva’s progressive commitment to the science of nutrient delivery systems.

Said Eniva CEO Andrew Baechler, “We are delighted to have earned another outstanding position in the Inc. rankings. This industry of Health continues to be very competitive and challenging to compete in, so we are undoubtedly delighted at being named 55th.”

*Eniva Corporation, located in Minneapolis, MN, designs, manufactures and distributes liquid nutritional supplements and other body support products. Founded in 1998, Eniva has earned the distinction of being the pioneer of advanced liquid nutraceutical products and innovative nutrient delivery systems.
